Liberty Pumps®

A Family and Employee Owned Company

1/3 or 1/2 hp Pump

Assembled sump pump system. Molded pump platform helps to secure pump and reduce potential jamming from debris.

Features

• 1/3 or 1/2 hp sump pump

• 18" x 22" Polyethylene injection molded sump pit and cover with gasket and hardware

• Pre-assembled with 1-1/2" Schedule 40 PVC discharge pipe

• Molded pump support platform raises pump off bottom of pit and helps secure pump during shipping

• Two 4" inlet hubs with rubber grommet seals provided

• Gasket sealed cover – radon ready

• Alarm and Wi-Fi enabled models available

Battery back-up pump ready! Platform designed to properly locate a Liberty 441 or 442 back-up pump.

3 Year Warranty

For 25' cords on 237, 257, or 457 models, add a "-2" suffix to model number. Example SPAC-237-2.
For a standard alarm model, add a "-ALM-P1" suffix to model number. Example SPAC-457-ALM-P1.
For a Wi-Fi enabled alarm model, add a "ALM-P1-EYE" suffix to model number. Example SPAC-S37-ALM-P1-EYE.
See 230-Series, 250-Series, S30-Series or 450-Series literature for complete pump specifications.
