PRODUCT DESCRIPTION

Riddle's intricate pattern and joinery is no joke—our expert craftsmen use a special wet-etching process to create a textural motif that looks like a mash up of Sol Lewitt and the complex geometric shapes of Islamic architecture. Inside, an acrylic diffuser shields the high-performance LED modules to create a glare-free illumination, which peekaboos through the etchings and creates stunning patterns on the nearest surface. A true statement piece with a bold black finish.
